GENERAL POST OFFICE,

ST. MARTIN'S LE GRAND.

A system of Registration has been adopted, and *Letters, whether containing Coin or not*, can be

REGISTERED

on payment of a registration fee of ONE SHILLING, in addition to the ordinary rates of Postage on Inland and Colonial, as well as on Ship or Foreign Letters, or Letters passing through France. On those for delivery within France, the charges, besides the registration fee of one shilling, will be the English rate to France, in addition to double the French rate to the place to which the Letter is addressed. A printed acknowledgment torn out of the receipt book, and stamped with the office stamp, will be given to any person registering a Letter. Registered Letters, to pass by the Evening Mails, will be taken at the Receiving Houses in London (for list of which see page 1370) until half-past 4 o'clock, p.m., and by Postmasters throughout the United Kingdom, until within half an hour of the closing of the Box for the particular Mail or Bag by which they are to be despatched. Registered Letters bearing a sufficient number of Stamps will be considered Paid Letters, but the registration fee of one shilling must always be paid in money.

LETTERS REGISTERED FOR DELIVERY WITHIN THE LIMITS OF THE LONDON DISTRICT (formerly the Two-penny) Post, must be posted half an hour before the departure of the particular Despatch by which they are intended to pass. The Receivers have instructions to retain letters put in later, until the next despatch. For hours of despatch, see page 1368.

In the case of Foreign, Colonial, or Ship Letters, it must be clearly understood, that Registration cannot extend beyond the Port of despatch in the United Kingdom, though parties, if they wish it, may register such Letters as far as the Port of despatch. Letters, however, addressed to France, and Letters passing through France, are exceptions to this rule, the French Post Office undertaking to provide for their security till they shall have been delivered, if addressed to France, and so long as they remain in the French territory, if passing through France.

The arrangements for carrying out the system of Registration have been made with the view of ensuring the punctual delivery of Registered Letters; on their delivery the parties to whom they may have been addressed will be required to acknowledge in writing their receipt.

The system of Registration provides a secure mode of transmitting

BANK NOTES, BANK POST BILLS, DRAFTS, &c. &c.

and persons having occasion to send by Post small sums will avoid risk by sending the money through the medium of

THE MONEY ORDER OFFICE,

now carried on, on the Public account, at the General Post Office. The commission chargeable for Money Orders was on the 14th of November, 1840, reduced to

THREE PENCE ON SUMS NOT EXCEEDING TWO POUNDS,

and on sums above two, and

NOT EXCEEDING FIVE POUNDS, TO SIXPENCE.

No Order will be given for sums beyond this amount.

TIME AT WHICH MONEY ORDERS MAY BE HAD OR CASHED.

Orders are issued and paid in London and within the three mile circle, between the hours of Ten a.m. and Four p.m., and in other places between the hours of Nine a.m. and Six p.m., except during the short intervals of time when the Letter Boxes are closed for the receipt of paid Letters.

The commission on orders issued is, for any Sum not exceeding £2 Three-pence, above £2 and not exceeding £5 Sixpence.

These modes having been devised expressly with a view to the security of property, it may reasonably be expected that all persons having occasion to transmit money will avail themselves of the opportunity of securing it, and in no case, by committing property UNREGISTERED to the Letter boxes, RISK ITS LOSS.

If, however, persons are willing to incur such risk, should the articles forwarded be Notes, or Cheques payable at sight they should be cut in halves, and the second halves should not be despatched until the receipt of the first has been acknowledged. The numbers, dates, and amounts should also be carefully taken.

Money Orders may be obtained at the GENERAL POST OFFICE; at the several BRANCH OFFICES in *Lombard street, Charing Cross, Old Cavendish street, and Blackman street, Borough*; at the following RECEIVING HOUSES, which are the nearest Offices at which Money Orders are paid to streets within the three mile circle:—

OF ALL POSTMASTERS, AND OF THE CHIEF DEPUTY POSTMASTERS, THROUGHOUT THE UNITED KINGDOM;

(For List of Post Towns and Principal Places, see page 1343.)

Persons residing in London or its vicinity should instruct their Correspondents in remitting Money to obtain an Order payable at the most convenient of the above Offices;

Which may readily be ascertained by turning to page 1378 and following pages, containing a list of streets, &c., each having a reference to the Receiving House nearest to it, at which Money Orders can be obtained or cashed.

Money Orders may be drawn payable, as well as issued, at the above mentioned offices, except the London Branch Office of Lombard Street, which *only* GRANTS such Orders. Persons wishing to obtain Orders payable at any particular Office, should instruct their correspondents to have them drawn accordingly, as a Money Order granted upon London without specifying any particular Office, can only be paid at the General Post Office, St. Martin's le Grand.

*. In cases where personal attendance is inconvenient, if the Order is received by the person to whom it is made payable and the party presenting it for payment can afford full information as to the *Christian name, Surname, Address and Occupation* of the person who ORIGINALLY OBTAINED THE ORDER, payment will be made, but unless these conditions are strictly complied with, it will be refused.

PEERS AND MEMBERS OF PARLIAMENT

no longer despatch or receive correspondence FREE. Members of either House are entitled to receive, free of charge, Petitions to Parliament, provided that each Petition is sent without a cover, or in a cover open at the sides, and does not exceed the weight of *Thirty-two Ounces*.

ADDRESSES TO HER MAJESTY PASS FREE.

With these exceptions, **ALL INLAND LETTERS OR PACKETS**, including those from the Channel Isles and the Isle of Man, if PREPAID, are subject to the following

RATES OF POSTAGE:

Not exceeding Half an Ounce in Weight	One Penny
One Ounce	Two Pence
Two Ounces	Four Pence
Three Ounces	Six Pence, and so on, Two

Rates being added for every ounce up to **Sixteen Ounces**, beyond which, with the following exceptions, NO PACKET, whether subject to postage or not, CAN BE RECEIVED.

1. PARLIAMENTARY PETITIONS AND ADDRESSES TO HER MAJESTY.

2. PARLIAMENTARY PROCEEDINGS.

3. LETTERS AND PACKETS addressed to or received from Places beyond Sea.

4. LETTERS AND PACKETS to and from PUBLIC DEPARTMENTS.

5. DEEDS if sent open, or in covers open at the sides. They may be tied with string and sealed in order to prevent inspection of the contents, but they must be open at the sides that it may be seen that they are entitled to the privilege.

6. BANKERS' PARCELS despatched from London, and specially delivered at the General Post Office, under certain regulations.

With these exceptions, ALL PACKETS ABOVE THE WEIGHT OF SIXTEEN OUNCES will be immediately forwarded to the DEAD LETTER OFFICE.

INLAND LETTERS OR PACKETS PUT INTO THE UNPAID LETTER BOXES ARE CHARGED DOUBLE THE AMOUNT OF POSTAGE TO WHICH, HAD THEY BEEN PREPAID, THEY WOULD HAVE BEEN LIABLE. The Scale of Weight in force for General Post Letters is equally applicable to Letters passing through the local penny posts throughout the Kingdom and to those passing through the local Posts of LONDON and DUBLIN, the Regulations which restricted the weight of these latter to *Four Ounces* having been abolished. They are subject to the same Rules and the same Charges as General Post Letters, and must be paid in advance, or they will be liable to double the rate to which they would otherwise be subject.

The same Regulation applies to Letters pre-paid by Money, where the full and proper rate of Postage has not been paid in advance.

POSTAGE STAMPS.

Letters written on Stamped Paper or enclosed in Stamped Covers, or having Stamps affixed to them, the Stamps in every such case being equal to the rates of Postage chargeable on such Letters if pre-paid, will pass *Free* of all other Postage charge in whatever part of the UNITED KINGDOM they may be posted.

In those cases where the Value of Stamps on the Letter is less than the Amount of the Postage to which it would be now liable, if pre-paid, the letter will be charged Double the Amount of such difference on delivery. An Inland Letter, for example, weighing more than Half-an-Ounce, and not exceeding an Ounce, if bearing only a Penny Stamp, will be charged Two Pence on delivery.

Stamps may be used for *Printed Votes* and *Proceedings in Parliament*; if the Stamps, however, should be less in value than the proper rate of Postage to which these documents are subject, only the difference, and not Double the difference, is charged.

Stamps (*provided they cover the whole postage*) may also be used on Foreign, Colonial, and Ship Letters, &c. *outwards*. If any Letter, however, addressed to Places beyond Sea, to which pre-payment is compulsory, shall bear an insufficient number of Stamps, it will be sent to the Dead Letter Office, to be returned, in all practicable cases, to the writer. Stamps are not permitted to be used on Letters arriving in the United Kingdom from the Colonies or Foreign Countries. In such cases, therefore, Letters will be chargeable with the same rates as they would be if not bearing Stamps.

All these Regulations will be applicable to Newspapers in those cases where they are liable to Postage.

Note—Adhesive Stamps should be placed on the Front of the Letter and upon the right-hand corner on the upper side, Should this direction not be attended to, from the rapidity with which the duty must be performed, Letters which bear Stamps will frequently be taxed, while the Parties receiving them will be put to much trouble in obtaining a return of the Postage improperly charged. In all cases of complaint, whether of overcharge or of any other irregularity, the Covers of the Letters must invariably be kept and sent to the Post Office, as affording the only means of investigating the complaint.

ADHESIVE STAMPS AND ENVELOPES.

Every Postmaster, Sub-Postmaster, or Letter-Receiver, without exception, will sell the Postage Label Stamps and Stamped Envelopes to the Public at the following Prices:—

The Penny Label Stamps.....	at	1d.	each.
The Twopenny ditto	at	2d.	„
The Penny Envelopes	24	for 2s. 3d.	or 2 for 2½d.
The Twopenny ditto	12	„ 2s. 2d.	„ 3 „ 6½d.

They are also sold at the Chief Office in St. Martin's le Grand, and at the Branch Offices at Lombard Street, Charing Cross, Old Cavendish Street, and the Borough. The *Stamped Envelopes* (that is, Envelopes prepared in Diamond Shapes), will not be supplied by the Post Office, and are not subject to these restrictions as to Price.

LETTERS TO PASS BY THE INLAND MAILS

can be posted at the Receiving Houses till 5 P.M.; by the Letter Carriers ringing bells (on payment of one penny with each) from 4 to 5 P.M.; at the Branch Post Offices, at Charing Cross; Old Cavendish Street, and 108 Blackman Street, Borough, till 6 P.M.; and with a fee of one penny (which must be paid by a Stamp affixed to the letter) until 6 30 P.M.; at the Branch Post Office in Lombard Street, till 6 P.M.; and till 6 30 P.M., with a fee paid by means of a penny Stamp affixed to the letter; at the General Post Office, St. Martin's le Grand, until 6 P.M. and until 7 P.M. upon payment of a fee of one penny (or an affixed Stamp), in addition to the postage, which must then be paid in advance, and from 7 till half-past 7 upon payment of a fee of sixpence with each.

LETTERS TO PASS BY THE FOREIGN MAILS,

except those for India, *via Marseilles*, which must be posted at the same hours and under the same regulations as Inland Letters (except that, as in the case of Colonial and Ship letters, the late penny fee may be paid either in money or by means of a stamp affixed to the letter), are, on *Tuesdays* and *Fridays*, received at the Branch Offices, Charing Cross; Old Cavendish Street, and 108, Blackman Street, Borough, until 8 P.M.; at the General Post Office, St. Martin's le Grand, and at the Branch Office in Lombard Street, until 10 P.M.; and at St. Martin's le Grand only from 10 until 11 P.M. on payment of a fee of one penny and after 11 and until half-past 11 P.M. on payment of a fee of sixpence. The letter boxes are invariably closed IMMEDIATELY after the striking of the clock.

FOREIGN AND SHIP LETTERS ADDRESSED LONDON ONLY,

for persons whose residences are not known, are copied into lists which are hung up daily in the hall of the General Post Office. Parties writing their addresses opposite to their names will receive their letters on the following morning.

NON-COMMISSIONED OFFICERS, CAPTAIN'S STEWARDS, SEAMEN, AND SOLDIERS,

to and from the East Indies by the Overland Mails, "*via Falmouth*," can send and receive Letters, under the weight of half an ounce, on their own private concerns only, while they are employed on her Majesty's Service, or in the service of the East India Company, for one penny.

Letters coming from a Seaman, or from a Serjeant, Corporal, Trumpeter, Fifer, or Private Soldier.

The Penny must be paid at the time it is put into the Post Office.
The name of the Soldier or Sailor, his Class or Description, and the name of the Ship or Regiment, Corps or Detachment, to which he belongs, must be specified.
And the Officer having the Command must sign his name, and specify the name of the Ship or Regiment, Corps or Detachment, he commands.

Letters going to Seamen or Soldiers.

The Penny must be paid at the time it is put into the Post Office, and the direction must specify the class of person, and the Ship, Regiment, or Corps to which he belongs.

The postage upon Soldiers' and Seamen's letters received from parts beyond sea, without the penny having been pre-paid, is twopence in addition to the Ship Letter gratuity, if received by Private Ship.

Three pence Postage is charged on Letters addressed to Soldiers and Seamen to either of the following places:—River Gambia, Sierra Leone, Goree, Senegal, Cape Coast Castle, Fernando Po, Coast of Africa, Ascension (Isle), and China. To St. Helena, the East Indies, and New South Wales, one penny. Seamen's and Soldiers' Letters from Abroad by private Ships are chargeable with 3d. each.

* * WARRANT OFFICERS either in the ARMY or NAVY, or MASTER'S MATES of the NAVY, are not entitled to receive or transmit Letters at less than the usual rates of Postage.

Soldiers' and Seamen's Letters are not liable to any additional rate upon re-direction; but all other

LETTERS RE-DIRECTED—

become, on re-direction, subject to fresh rates of postage; but when a letter has been prepaid, and the person for whom it is intended has quitted the place to which it has been addressed, the letter may be forwarded to any place in the United Kingdom, for an additional rate, to be paid on delivery.

OVERCHARGED LETTERS.

Overcharges returned between the hours of ten and four, on presenting the overcharged letters at the window in the Hall of the General Post Office. Overcharges may likewise be obtained at the Branch Office, Lombard street; or the letter may be sent to the Office by the letter-carrier of the district, and the overcharge will be returned with the letter in two days.

PRINTED VOTES AND PROCEEDINGS OF THE IMPERIAL PARLIAMENT, OR OF THE COLONIAL LEGISLATURES,

are charged Under Four Ounces One Penny.
Above Four and under Eight Ounces Two Pence.
Above Eight and under Twelve Ounces Three Pence, and so on.

Such Votes and Proceedings, whether paid or unpaid, pass at these rates between places in the United Kingdom as well as to the Colonies *by packet*. To those places to which there are no packets—New South Wales, for instance—they may be forwarded “by Private Ships,” at double the above rates. They are not, however, forwarded to the East Indies, *via* Falmouth and Alexandria, nor to places through France *under the full rates of Letter Postage*. The Postmaster General is authorised (if he shall see fit) to delay the transmission of Printed Votes and Proceedings in Parliament for any space not exceeding Twenty-four hours from the time at which the same would otherwise have been forwarded.

DELIVERY OF LETTERS IN LONDON.

The morning delivery of General Post Letters (including despatches from every Post Town and place in the United Kingdom, and those Foreign, Ship, and Packet letters which have arrived in sufficient time) commences in every district within three miles of St. Martin's le Grand at about nine o'clock, A.M., and is completed in about two hours, except on Mondays, or on other days when there are large arrivals of Foreign or Ship Letters, when the period of commencing and concluding the delivery is unavoidably retarded for a space varying from thirty to sixty minutes. Letters from all those places to which despatches are conveyed by the Birmingham, Brighton, Bristol, Cheltenham, and Southampton Railway Morning Mails, likewise arrive by the same route at 2 P.M. They are delivered in Upper Thames street, St. Paul's Church yard, Newgate street, Cloth Fair, Aldersgate street, Redcross street, Finsbury place, Eldon street, New Broad street, Bishopsgate within, Houndsditch, Minories, Haydon square, and Tower hill, and in all places within the limits of those streets, by the General Post Letter Carriers, and the delivery is completed within an hour and a half from the time of the arrival of the Mail. All despatches by the Railway Mail for places beyond the above limits are sent out by the four o'clock Twopenny Post delivery. Those by the Dover Morning Mail, which arrives at a quarter past Four P.M., are sent out by the Twopenny Post Six o'clock delivery. Foreign Mails arriving after the morning despatch of the Letter Carriers are (provided they arrive before two o'clock, P.M.) sent out within the before-mentioned limits by the General Post Letter Carriers, who complete their deliveries in about an hour from the time of their despatch. For places beyond those limits, all Foreign letters arriving subsequent to the Morning despatch of the Letter Carriers, are delivered by the Twopenny Post Letter Carriers, as are all Letters which arrive later than two P.M. by any Foreign Mail.

* * For towns from which each Mail brings letters, together with the precise time of arrival at, and departure from, every place on its Outward and Inward Journey, see pages 1371 to 1374, containing Routes of the Morning and Evening Mail Coaches.

COIN SHOULD NOT, UNLESS IN REGISTERED LETTERS, BE SENT BY POST.

The great increase in the number of Money Letters having rendered it impossible, without hazard to the punctual despatch of the Mails, to continue the former practice of entering the addresses of such Letters, and of taking receipts for them on delivery to the parties to whom they were addressed; such practice being now adopted in the case of Registered letters only.

BOTTLES CONTAINING LIQUID, AND OTHER ARTICLES OF A BRITTLE NATURE,

should not be forwarded through the Post, as they are almost invariably broken, either by the operation of stamping or by the friction of the Mail Coaches. It is besides improper so to transmit such articles, as by accidents to them, the seals of Letters in the bags may be damaged, the Letters mutilated, or their Addresses entirely effaced. For similar reasons, articles having

SHARP OR HARD EDGES

should not be transmitted through the Post, and the Act 3 & 4 Victoria, cap. 96, expressly directs that no letter shall be sent by Post containing any

EXPLOSIVE OR OTHER DANGEROUS MATERIAL OR SUBSTANCE.

STAMPS.

The date shows when the letters were received at the Post Office.

The circular stamp of black ink, at the back of the letter, is used when the postage is to be paid on delivery.

Ditto of red ink, on the face of the letter, with the word “paid,” when the postage has been paid at the time of posting the letter.

NEWSPAPERS AND SUPPLEMENTS TO NEWSPAPERS.

It is not compulsory to send Newspapers or Supplements to Newspapers by the Post, but those that are intended to be so transmitted, and are entitled to pass free, must be put into the Receiving Houses before 5 p.m.; at the Branch Post Offices, before half-past 5 p.m.; or at the General Post Office, St. Martin's le Grand, before 6 p.m. Each Newspaper given with a penny to the Letter Carriers ringing bells, from 4 to 5 p.m.; or put into one of the late Newspaper Windows, at St. Martin's le Grand, from 6 until half past 7 p.m., with a halfpenny, will be despatched the same evening. *Newspapers for the Colonies and Foreign Countries cannot be received after 6.* All Newspapers must be sent in covers, open at the sides, and no words or communication may be printed on such papers after the same shall have been published, nor must there be any writing or marks upon any Newspaper, or the cover, other than the name and address of the person to whom it is sent; nor any paper or thing enclosed or concealed in, or with such newspaper, or the cover, nor any printed words or communication on the cover, except that News-vendors *only* may print their names and addresses thereon. Newspapers may be examined by the Officers of the Post Office; and if there be any breach of the above regulations, the packet is chargeable with treble the amount of postage which a letter of the same weight would have been liable to. And any person who shall write or enclose anything in any Newspaper or the cover thereof, or shall print any words or communication on a Newspaper, after it shall have been published, to be sent by the Post, or any person who shall knowingly send, or cause to be sent, by the Post, a Newspaper in respect of which any one of those offences has been committed, may, at the option of the Postmaster General, be prosecuted as for a Misdemeanor.

* * * As the mere affixing a Newspaper Stamp on any *new* periodical publication will not entitle it, as a matter of course, to pass free by the Post, those who may be about to publish, for the first time, any such paper, should submit a copy to the Postmaster-General, in order that it may be determined whether the publication is of a nature that will entitle it to pass free of postage.

Clause of the Act of 1st Victoria, cap. 34, sec. 32.

"And be it further enacted, that in all cases in which a question shall arise, whether a printed Paper is entitled to the privileges of a Newspaper or other Publication hereby privileged, so far as respects the transmission thereof by the Post under the Post Office Acts, the question shall be referred to the determination of the Postmaster General, whose decision, with the concurrence of the Lords of the Treasury, shall be final."

POST TOWNS AND PRINCIPAL PLACES WITH THE NAMES OF THE RESPECTIVE POSTMASTERS

IN

ENGLAND AND WALES.

For each place in England and Wales is prefixed the time at which letters from London should be delivered, and after which is stated that at which the box closes for letters to London. By these tables the "RETURN OF POST" from any place can be readily ascertained. In the Towns where the delivery is at 7 a.m. in summer, it is usually an hour later during the winter months. Those which grant and pay

MONEY ORDERS

are marked*. A Money Order intended for transmission to any place at which it cannot be paid, should be drawn upon the nearest Town transacting Money Order business. Throughout the following lists the nearest Money Order Town is in every case mentioned. Thus, "Abbots Bromley, near Rugeley," to remit to Abbots Bromley, an Order should be addressed upon Rugeley—to Abbotsbury, upon Dorchester. *Abergavenny, being marked (*) is a Money Order Town—and so on throughout the lists.

PLAN FOR THE WEST INDIA MAIL PACKET SERVICE,

WHICH CAME INTO OPERATION (experimentally) 1st OCTOBER, 1842.

OUT ATLANTIC.—*One large Steamer.*—Out Mails leave Southampton on the 1st and 15th, and Falmouth on the 3rd and 17th of each month. The Steamer is about three days in reaching Corunna, four more in performing the 760 miles between that place and Funchal, Madeira, and twelve to thirteen days between Madeira and St. Thomas—rather above 2,600 miles. Thus the mails should arrive at St. Thomas in nineteen or twenty days from the date of departure from England.

On reaching St. Thomas the ship from Europe delivers all the outward Mails to four Steamers there waiting; one for the DEMERARA route; one for JAMAICA and HAVANA direct; one for PORTO RICO, HAYTI, CUBA, JAMAICA, &c.; and the fourth for BERMUDA.

Having dispersed the outward Mails the Steamer remains to refit and be ready to form one of the four Steamers to assist in the dispersion of the outward Mails arriving at the end of fifteen days by another steamer from Europe.

Should the outward Steamer not reach St. Thomas before midnight on the 22nd day from the appointed time of departure from Falmouth, the four collected Steamers at St. Thomas proceed with the Inter-colonial Mails on their respective routes; the out Mails in such cases being considered *Missing Mails*, to remain after their arrival at St. Thomas, till the next out Mails from Europe arrive and are dispersed.

DEMERARA STATION.—*One large Steamer.*—As previously stated the out Mails should arrive at St. Thomas in nineteen or twenty days. In twenty-two days from the Mails leaving England the Steamer on the Demerara station starts with them to Tortola, 23 miles; thence to St. Kitts, 128; thence to Nevis, 11; thence to Montserrat, 33; thence to Antigua, 32; thence to Guadaloupe, 70; thence to Dominique, 45; thence to Martinique, 40; thence to St. Lucia, 45; thence to Barbadoes, 100; and thence to DEMERARA, 300; being a total of more than 900 miles, which, being done at an average of eight miles an hour, the packet should arrive at Demerara in about four weeks from the date of the Mails leaving England.

The Steamer stops until thirty days fifteen hours reckoned from the time appointed for the Outward Mails leaving Falmouth; this gives an average stay of three days at Demerara. She then returns by the same route, receiving by the way all the Home and Inter-Colonial Mails from the different islands (including those subsequently named under the head "Trinidad Station"), which will be delivered to her by the branch Steamer at Barbadoes. On reaching St. Thomas she delivers the Home Mails to the steamer bound to Bermuda.

The Mails to and from Berbice are to be forwarded overland via Demerara as formerly.

TRINIDAD STATION.—*One small Steamer.*—On the arrival of the Steamer from St. Thomas at Barbadoes, this Steamer receives all Outer and Inter-Colonial Mails destined for St. Vincent, Grenada, Tobago, and Trinidad, at which latter place, distant from Barbadoes about 340 miles, the Mail should arrive in about four weeks from England. After about one day's stop at Trinidad, the small steamer returns by the same route with the Home Mails, and should arrive about one day before the large Steamer arrives at Barbadoes to receive them.

JAMAICA STATION.—*One small Steamer.*—This Steamer receives at St. Thomas the Outward and Inter-Colonial Mails for Porto Rico, Hayti and St. Jago de Cuba, with which she starts at the same time with the "DEMERARA" Steamer. From St. Thomas to St. Jago de Cuba, Porto Rico, 65 miles; thence to Cape Haytien, 360; thence to St. Jago de Cuba, 215; and thence to JAMAICA, 172 miles, at which place the small Steamer should arrive in between four and five days, or about twenty-six or twenty-seven days reckoned from the departure of the Mails from England. She remains at Jamaica until thirty-one days, fifteen hours, from that time, and then returns by the same route; on her arrival at St. Thomas, the Home Mails, &c., are transferred to the Steamer bound to Bermuda, the small Steamer remaining at St. Thomas to perform the same work after the arrival of each "OUT ATLANTIC" Steamer.

BERMUDA STATION.—*One large Steamer.*—This Vessel leaves ST. THOMAS with the Mail for BERMUDA at the same time with the other outward-bound Steamers. She conveys at the same time all the Home Mails collected by the Steamers on the DEMERARA, TRINIDAD, and JAMAICA Stations, and should arrive at Bermuda, distant from St. Thomas 845 miles, in about six days, or about twenty-six from the date of the departure from England; at Bermuda meets the Steamer from Havana, receives from her the Mails, &c., for England, and after completing her stock of coal, becomes the HOME ATLANTIC Steamer, subsequently described.

HAVANA STATION.—*One large Steamer.*—(By this vessel the Mails are conveyed to JAMAICA; the arrangement is made to afford the Island of Jamaica seven clear days for replying to its correspondence). On the arrival of the Out Mails at St. Thomas, this Steamer receives the Out and Inter Colonial Mails for JAMAICA—the "CHAGRES STATION," the "HONDURAS STATION," and the "MEXICAN STATION." With these she proceeds to Jamaica direct, 650 miles from St. Thomas. She should arrive in three days. At Jamaica she delivers every alternate time the "SANTA MARTHA," "CARTHAGENA," and "CHAGRES" Mails, to a Schooner waiting to receive them. After a delay of twenty-four hours, the Steamer proceeds to Havana, distant from Jamaica 710 miles. She should arrive at the Havana in about thirty days from the date of departure from England. At Havana she meets, every alternate time, a Schooner to which she delivers the Honduras Mails, and a Steamer with the Mexican Mails. From Havana she proceeds to Nassau, 360 miles, thence to Bermuda, 775 miles.

The Steamer from St. Thomas, as previously shown ("SEE BERMUDA STATION,") is calculated to reach Bermuda in about two days after the Havana Steamer, but should she not appear in that time, the Steamer from Havana must not depart for Europe till eleven days after she quitted the Havana.

This will allow three days for any casualty delaying the Steamer from St. Thomas.

MEXICO STATION.—*One large Steamer.*—On the arrival of every alternate Out Mail at Havana, this Steamer receives the Out and Inter Colonial Mails for Mexico, and after four days' stay proceeds to Vera Cruz, distant from Havana 810 miles, where she lands the Mails for that place, and for the city of Mexico; she then goes to Tampico, 306 miles from Vera Cruz, lands the Mails, and remains there until everything is shipped—Mails, Specie, &c. She then returns to Vera Cruz, and remains there till fifty-four days, sixteen hours, reckoned from the time of departure from England. Having received Home Mails, Specie, &c., from Mexico and Vera Cruz, she returns to Havana, meets the Outward Mexico Steamer, and proceeds to Bermuda, as shown in "HAVANA STATION."

HOME ATLANTIC.—*One large Steamer.*—Home Mails from Havana reach Bermuda in forty days from the time the Out Mails left England; and the Home Mails collected at St. Thomas reach Bermuda in forty-one or forty-two days from the same time. In forty-three, or forty-four days, or as soon as the Steamer from St. Thomas has completed her coals, the whole of the Home Mails leave Bermuda for England by way of Fayal, 1,770 miles from Bermuda, and 1,350 miles from Southampton, which should be reached in sixteen or seventeen days from Bermuda.

LA GUAYRA STATION.—*A Schooner.*—On the arrival of each alternate Steamer at St. Thomas with the Out Mails for La Guayra and Porto Cabello in 22 days from England, this Schooner proceeds to La Guayra, 480 miles, usually performed in about ten days; thence to Porto Cabello, 68 miles; thence to St. Thomas, 500 miles. The time occupied in going from, and returning to, St. Thomas, is usually about 26 days.

CHAGRES STATION.—*A Schooner.*—On the arrival of each alternate Havana Steamer at Jamaica with the Out Mails for Santa Martha, Carthagena and Chagres, which should arrive at Jamaica in about twenty-five days from England, this Schooner proceeds to Santa Martha, distant from Jamaica 440 miles, usually at the rate of 2½ miles an

hour; thence to Carthagena, 105 miles, at about double that rate of speed; thence to Chagres at about the same rate, 5 miles, and thence back to Jamaica, 500 miles, at about 2½ miles an hour. As the Schooner stops about two days at Santa Martha and at Carthagena, and about four days at Chagres she occupies about four weeks in the voyage from and to Jamaica. She must leave Chagres on her return to Jamaica in precisely forty-three days thirteen hours from the time the Out Mails left Falmouth.

HONDURAS STATION.—A Schooner.—On the arrival of each alternate Out Steamer with the Honduras Mails (which should arrive in about 30 days from England), this Schooner proceeds with them to Belize, Honduras distant from Havana 500 miles. She leaves Honduras again with Home and Inter-Colonial Mails in forty-six days twenty-two hours after the time of departure of the Out Mails from Falmouth; this allows a stoppage of about a week at Belize, including which the voyage to and from Havana (usually performed at an average speed of about two miles per hour), occupies about four weeks.

* The Royal West India Mail Packet Company's Schooner no longer sails between Madeira and Fayal.

The rates of Postage on "Ship" as on other Letters are taken by weight:—

RATES OF POSTAGE UPON

FOREIGN LETTERS

NOT EXCEEDING HALF AN OUNCE; beyond that weight the charge, so far as the British rates are concerned, increases in the same proportion as the charge for Inland Letters increases. It is, however, to be remembered that the French mode of charging is a single rate for each QUARTER of an ounce; therefore all letters, either for places within France, or that in their transit to their respective destinations must pass through France, to go for the single rates set down, must be UNDER a QUARTER of an ounce. The following Tables show the postage on French letters, or letters sent by the way of France, PAID TO THEIR FINAL DESTINATION.

BRITISH RATES.		s. d.	FRENCH RATES.	
Under $\frac{1}{2}$ an ounce single	0	10	Under $\frac{1}{4}$ of an ounce.....	Single
.. 1 ounce double.....	1	8	$\frac{1}{2}$ of an ounce, and under $\frac{1}{2}$ an ounce.....	Double

Letters to and from France.

The Public are not required to pay the Postage upon Letters for France at the time of putting them into the Post;—they have the choice of sending their Letters Unpaid; or of paying the Postage to the Place of Destination.

LETTERS FOR THE FRENCH POSSESSIONS IN AFRICA, Algiers, Bona, Bougie, Constatine, Oran, Phillippeville, &c. are treated precisely as Letters for France.

Unpaid Letters can only be forwarded to places within France, but there are other Countries to which the Postage may be paid (if the Sender should desire it), in whole or in part, as the case may be, viz.:—For Central Germany, Sardinia and Switzerland, Letters may be paid to their destination. For Southern Italy, Letters may be paid to the Italian Frontier of Sardinia. For Austria, and Venetian Lombardy, Letters may be paid through France to Huningen or Forbach.

For tables of Rates and postage to India and the Mediterranean see page 1366.

The Rates to Switzerland and Germany do not apply when it is intended to pay the entire postage to the place of destination. In such cases the charge is the uniform British Rate of 10d. in addition to the postage from Calais. For the list of Post Towns in Central Germany to which the postage may be paid in full, see page 1359. For Post Towns in Sardinia, see page 1362; in Switzerland, see page 1363. To all the following places, except France, Gibraltar, Malta, British North America, British West Indies and Bermuda, the postage must be paid in advance.

				From Falmouth to the places marked * the postage is two pence less than the above rates, which apply to all other parts of the United Kingdom.			

Letters for Malta, Ionian Isles, Greece, Egypt, Syria and India, are forwarded by closed Mail, unless otherwise addressed.

To the places marked † the rate is UNIFORM, from whatever part of the United Kingdom letters may be despatched. To Holland the postage to or from any place in the United Kingdom beyond the limits of the "London District Post" is 1s. 6d. To Germany, Denmark, and Russia, 1s. 10d.

The rate to Sweden and Norway is 1s. 8d. from London, Hull and all Towns circulating by cross post from Hull. On letters passing through London 1s. 10d.

The rate to Belgium to and from London, Dover, and all the Towns circulating by cross post from Dover is 1s. 4d. On letters passing through London 1s. 6d. There are some few exceptions to this charge in favor of places so near the Metropolis that the postage did not, previously to the adoption throughout the Kingdom of the Uniform Penny Postage, amount to so much. In those instances the rate will be as formerly. The same exception is made in favor of letters passing to or through France. Where the postage was less than the present Uniform rates the lower rates will be received. In all other cases the higher Uniform rate will be taken.

When Letters, &c. (ordinarily despatched by Falmouth Packet) are specially addressed "*via* France," they are (in whatever part of the United Kingdom they may have been posted) forwarded by Dover and Calais.

LETTERS NOT TO BE SEALED WITH WAX WHEN SENT TO WARM CLIMATES.

The practice of Sealing Letters passing to and from the *East and West Indies*, and other warm Climates, with Wax is attended with much inconvenience, and frequently with serious injury to the Letters, in consequence of the Melting of the Wax, and Adhesion of the Letters to each other.

In the case of *Mails* received from *India*, considerable delay is occasioned; and notwithstanding the greatest care is taken in separating the Letters, which, owing to the cause already mentioned, adhere closely together, many are much damaged and torn; the public are therefore recommended in all cases to use *Wafers* in preference to Wax in securing their Letters sent to *India* or other warm Climates, and also to advise their Correspondents in those Countries to pursue the same course.

ROUTES OF THE MORNING AND EVENING MAIL COACHES

FROM AND TO LONDON;

Showing the time at which the Mail passes through each place on its journey outwards and inwards. The Lancaster, Preston, Liverpool and Manchester **MORNING MAIL** (by Birmingham, Grand Junction, and North Union Lancaster Railway), which conveys despatches to Ireland, leaves the General Post Office at a *quarter past nine in the morning* as do the Bristol and Dover (**DAY**) **MAILS**. The Portsmouth and Southampton at ten, and the Brighton (**DAY**) **MAIL** leaves at fifteen minutes past nine. The Evening Mails leave London at eight o'clock every day except Sunday, when they set out one hour earlier; they all arrive between the hours of six and seven in the morning, with the exception of the Brighton (**Day**) which arrives at ten minutes past one, the Lancaster, Preston and Liverpool and Manchester (by Railway) (**Day**); the Portsmouth and Southampton (**Day**) and the Bristol (**Day**) at two, and the Dover (**Day**) at eight minutes past four in the afternoon. To ascertain *exactly* the time in the morning at which any other Mail reaches the General Post Office, it is only necessary to add the difference between eight o'clock and the time at which the Mail passes through the first-named town, on its outward route, to the time mentioned in the inward column opposite the same place. The distances are calculated from the General Post Office.

ALBION INSURANCE COMPANY,

Insurances are undertaken by the Albion Company at reduced rates. The annual payment charged at the age of 25 for an insurance of £1,000, by Companies holding out the prospect of a bonus derivable from profits, would insure £1,200 with the Albion Company, free from the risk of partnership, and payable whenever the death might happen.

For securing prospective bonuses from the "Equitable," or other Companies, and in all cases requiring insurances for limited periods only, the rates of the Albion Company will be found to be peculiarly advantageous.

Persons whose lives are insured with the Albion Company, not being engaged in any military, naval, or maritime service, may, during peace, proceed to, and reside in, any part of Europe, without extra charge, and without licence from the Company.

Policies granted by the Albion Company to persons on their own lives, and legally assigned to other persons for valuable considerations, will not, so far as the *bona fide* interest of the assignees may extend, be invalidated, if the persons whose lives are insured should die by suicide, by duelling, or by the hands of justice.

Claims are paid in thirty days after sufficient proof of death.

The advantages offered by this Society are entire security without responsibility to the Assured, from a Proprietary Capital, and the adoption of Tables proved by the experience of the oldest Offices to be safe and equitable.

Four-fifths of all profits appropriated every five years, at the option of the Assured, either in reduction of their Annual Premiums, or in addition to their policies.

The Assured may obtain Loans upon a new and advantageous plan, peculiar to this Society.

Assurances effected on joint lives and survivorships; endowments granted, and reversions purchased.

Policies made payable at 60, or other ages, whereby parties may themselves reap the fruits of their savings, and realize a provision for after-life, at an age when they may wish to retire from active employment, the Association undertaking to return a fixed proportion of the Premiums paid on Policies of this description in case of surrender.

Persons assuring the lives of others as security for money, or as nominees in leases and otherwise, may, by the payment of a small extra Premium, be relieved from the risk of the party violating the Policy by going abroad.

The Assured may reside in most parts of Europe, and in the British Colonies in Australia, Cape of Good Hope, and North America, without extra charge.

Persons allowed to go to other parts of the world without payment of any further Premium, upon a previous understanding with the Directors that in the event of death in certain Countries, or in their voyage to and from them, a fixed deduction commensurate with the risk (according to Tables especially calculated for this Association) will be made from the sum which, under ordinary circumstances, would become payable on the Policies.

Annuities granted on an entirely new principle of participation in profits.

Arbitration preferred to law in all cases of dispute.

ANNUITY BRANCH.

In this department of the Association, the Directors offer *exclusively* to the class of Annuitants a periodical participation in those profits which in other Offices are solely allotted to Shareholders or parties Assured.

The granting of Annuities, therefore, is made a separate branch of their business. By keeping the funds of the Two Establishments quite distinct, those of the Annuitants are available for investments in such purchases and securities, as are peculiarly suited to their objects.

Four-fifths of the profits of such investments will be returned to the Annuitants in the form of a Bonus every Third Year.

Independently of this important advantage, the Directors submit to the public a scale of Annuities equal to that either of the Government, or of any other Association of a like description.

Table exhibiting the Rates of Annuities (payable Half-yearly).

This Institution is empowered by a Special Act of Parliament, and is so constituted as to afford the benefits of Life Assurance in their fullest extent, to Policy-Holders, and to present greater facilities and accommodation than can be obtained in other Offices. The decided superiority of its plan, and its claim to public preference and support, have been proved, incontestably, by its extraordinary and unprecedented success.

Among others, the following important advantages may be enumerated:—
A most economical set of Tables—computed expressly for the use of this Company, from authentic and complete data, and presenting the lowest rates of Assurance that can be offered without compromising the safety of the Institution.

Increasing Rates of Premium on a new and remarkable plan for securing Loans or Debts; a less immediate payment being required on a Policy for the whole term of Life than in any other Office.

Premiums payable either Annually, Half-yearly, or Quarterly, in one sum, or in a limited number of payments.

A Board of Directors in attendance daily at Two o'clock.

Age of the Assured in every case admitted in the Policy.

TO BONUS POLICY HOLDERS.

The Protective Re-assurance having been again desired by parties who availed themselves (during the currency of the two last Equitable decennial periods) of the simple system originated by the ASYLUM in 1828, the Directors, to avoid the future necessity for such repetitions, have constructed scales of renewable term insurances, continuous from division to division, according to the duration of the original policy, without having recourse to new Certificates of health, or further investigation of any kind, after one present satisfactory appearance before a medical Officer of the Company; thus providing, as far as possible, a remedy for the defects of the Bonus system, rendered glaringly apparent by the existing expediency for such protective re-assurance. By the adoption of this easy plan, parties may not only secure Equitable and other Bonuses, but, at the same time, provide, by such extra insurance, for any additional object that may occur during the currency of the original Policy; whilst, in the event of premature death, they will have paid no more than the price of a term, with the full advantage of a whole-life insurance, and realise all the expectant advantages of Survivorship.

Further particulars may be obtained by personal or written application, at the Company's House, 70, Cornhill.

Returns.—The Directors have the satisfaction of announcing to the Assured in this Office, that a Return of Premium at the rate of 20 per Cent. for the Five Years up to Christmas last, will be payable at the head Office, or through the Company's Agents in Great Britain, on all Policies for £300 and upwards, which were in force, and had been so for one entire year at Christmas.

Rent.—This Office (independent of the Returns and the late Reduction in the Rates of Premium), offers to Persons effecting Assurances, the further advantage of an allowance for the loss of Rent on Buildings rendered untenable by Fire.

LIFE DEPARTMENT.

The attention of the Public has, in the Advertisements and Proposals of this Company of late years, been called to a Table of Additions applicable to and expectant on Policies of particular dates and ages; the Directors now beg to refer to a Statement (which may be obtained on application at the Office in Cheapside, or to any of the Agents in the Country) of Sums *actually paid*, shewing the Sums respectively assured, and the Bonuses thereon.

Persons assured for the whole term of Life in *Great Britain* or *Ireland* respectively, will have an ADDITION made to their Policies every seventh year, or an equivalent REDUCTION will be made in the future payments of Premium, at the option of the Assured.

THE FOURTH SEPTENNIAL VALUATION will be made up to Christmas, 1844.

ASSURANCES FOR SHORT PERIODS may now be effected in this Office at considerably reduced rates of Premium.

The Company's Rates and Proposals may be had at the Office in London, or of any of the Agents in the Country, who are authorized to report on the appearance of Lives proposed for Assurance.

The Directors have caused New Tables to be constructed, in which the values of Male and Female Life are at every age distinguished. In consequence of this improvement assurances on the lives of Females and on the younger Male Lives, may be effected at a lower rate than in any other office.

A Medical Officer attends on Tuesday, Wednesday, Thursday and Saturday at the Office at 2 o'clock; and Examining Physicians are appointed in the Principal Towns of the Kingdom and Colonies, to save the necessity of personal appearance before the Board.

This Company is established on the system of granting Assurances on one or other of two principles, at the option of insurers. These are—

1st. The PARTICIPATION principle, by which, at a moderate premium, the Assured share in the Company's profits, and obtain the advantages of Mutual Assurance, *without risk*;—and
2d. The NON-PARTICIPATION principle, by which Assurers are guaranteed a certain fixed sum, without additions, at the lowest rate of premium.

The first of these plans is for those who make Assurance principally, or entirely, as a provision for their families and are desirous of having their policies increased. The second plan is generally adopted for the purpose of securing Debts by Assuring the LARGEST AMOUNT at the SMALLEST PREMIUM. The scale of Premiums for the latter plan offers PECULIAR ADVANTAGES.

In the Distribution of Profits, parties assuring with this office have the advantage of an early connection with a Company established within the last few years, which has not yet made a division of Profits, and which has already secured a large and increasing business.

The Corporation of THE AMICABLE SOCIETY, is the oldest Institution in existence for granting Assurance on Lives.

Every person on whose Life an Assurance is effected for one or more Shares becomes a Member of the Corporation and entitled, immediately upon his admission, to unreserved participation in the whole of the advantages arising from the long standing and accumulated Capital of the Society.

The distinctive feature of the plan adopted by the Society is the *Equal Distribution*, Share for Share, of the whole of the Profits among the Representatives or Nominees of the deceased Members, without reference to the length of time during which the Policy may have been in force.

No Commission is allowed to Agents, and the affairs of the Corporation are managed at the least possible expense; the Profits are therefore the utmost the Premiums taken admit of.

Persons whose Lives are assured with this Corporation may travel to or from, or reside in any part of Europe without paying any additional Premium.

Assurances for terms of years, or on Joint Lives or Survivorships, may be effected with the Society, either for specified Sums without participation in the annual profits, or for Shares with participation, at the option of the parties.

The assured may arrange to pay their Premiums either by a single payment, by annual payments during the whole continuance of the Assurance, or by annual payments during a limited number of years only.

Persons effecting Life Assurances with this Corporation have the choice of two plans:—

- The one entitling them to an Annual Abatement of Premium after Five Years' Payment;
- The other at a lower fixed rate without abatement.

The leading features which distinguish the first of these plans from those of other Life Assurance Offices, are—

- The Guarantee of the Corporation for the full payment of the Sums Assured:
- Annual Abatements of Premium, commencing after full Five Years' Payments:

Total absence of Partnership of any kind whatever:

Absolute Exemption from the possibility of being called upon to contribute towards making good any losses:

And Freedom from all Charges of Management.

The abatement of Premium for the year 1842, on Policies of five years' standing, under the first of the above plans, was £44 2s. 6d. per cent.

It may be here sufficient to state, as an example, that under the above system, a person having effected a Policy, on or before the 1st January, 1837, at an Annual Premium of £100, had, on the 1st of January, 1842, only the sum of £55 17s. 7d. to pay, as that year's Premium.

The future Annual Abatement must vary according to the success of this branch of the Corporation's business.

In the Fire Department, Assurances are effected at the lowest rates.

Attendance daily, from ten till four, at both Offices, where Prospectuses and every information may be obtained.

The Protestant Dissenters' and General Life and Fire Assurance Company has been established with a view of calling the attention of a numerous and influential section of the community to the importance of providing, by means of Life Assurances, for the future interests of their families. It was thought that an Institution bearing their own name, and conducted principally by well known members of the Dissenting Body, would be more likely to effect this object than any other office previously existing.

The following are among the distinctive features of the Company:—

1. One-tenth of the entire profits is appropriated by the Deed of Settlement to reducing the premiums payable for insuring the Lives of Dissenting and Methodist Ministers, or in other ways similarly beneficial to their families.
2. Certificates of Age and Character, and of the Amount of Loss in case of Fire, not required from Clergymen or Churchwardens.
3. A Table of premiums for policies payable at the age of 60, or of annuities to commence at that period, suitable to the case of superannuated Ministers, and of other professional men.
4. The lowest rates of premiums consistent with security, and the payment of policies guaranteed by a Capital of One Million.
5. Two Tables of premiums, the one giving an interest in the profits of the Company, the other not.
6. Parties assured on the former table entitled to participate *immediately* in the profits of the Company.
7. Every facility given on moderate terms to persons going beyond the prescribed limits of their policy.
8. Premiums may be paid either Annually, Half-yearly, or Quarterly, in a limited number of payments, or in one sum.
9. Loans advanced on policies of the value of £50.
10. All claims payable Three Months after satisfactory proof of death, or earlier, on deduction of discount.
11. No Entrance Fee required.

Fire Policies insured at the reduced rates. No charge for Policies on £300 or upwards, nor on the transfer of Policies from other Offices.

This Association contains within itself every essential requisite for securing a large and flourishing business: and by its constitution embraces every description of Risk contingent upon Life and Fire, including *Immediate Annuities and Endowments*, at Rates of Premium as moderate as is consistent with perfect security; an extensive Legal Connexion, with a Direction and Proprietary composed of all classes; a liberal system of Loan, whether for a term of Months or Years; a union of the English and Scotch systems of Assurance, by the removal of all difficulties experienced by parties in England effecting Assurances with offices peculiarly Scotch, and *vice versa*; a large protecting Capital, relieving the Assured from all possible responsibility, and guaranteeing, at the same time, a certainty of the prompt settlement of every claim; while it also admits every Policy-holder, assured for the whole term of life, to a full periodical participation in two-thirds of the Profits of the Institution.

LOAN DEPARTMENT.—One of the most valuable principles of Assurance is its capability of being applied immediately and permanently to the benefit of the assured himself, whilst living, as well as to others after his decease. Individuals possessing real or personal property—officers in the army and navy—clergymen—professional men—merchants—tradesmen—and persons of respectability and character, may, if assured in this Office, obtain advances for periods varying from THREE MONTHS to any other specified period; and in amounts of £50 and upwards, upon the following securities:—

Upon freehold and leasehold property in England, and the corresponding description of property in Scotland, either to be assigned, or deposited upon equitable mortgage; upon reversions, annuities, pensions, or any other description of assignable property or income, of adequate value.

Upon personal security, by the borrower procuring two or more responsible sureties to join him in a bond, or other security for repayment, and on condition of the life of one of the obligants being assured.

Upon the security of policies effected by parties with this Association, according to the value at the time of the Loan.

By allowing the Assured to retain a portion of their premiums at interest.

The First Annual General Meeting of the Proprietors was held at the Offices of the Association, on Wednesday, the 23rd of February, 1842; at which the Directors submitted a statement of the business effected by the Association, from the date of its commencement up to Christmas, 1841:—

SECURITY TO THE ASSURED.—The Directors expressed their satisfaction, that, in the short period of eighteen months, the whole of the capital stock, amounting to One Million sterling, was appropriated, and the deposits upon the 20,000 Shares, into which it is divided, paid up. This fact, while it affords a convincing proof of the confidence with which the undertaking is regarded as a mode of investment, also supplies that security to which every Insurer is entitled.

PROGRESS OF THE BUSINESS.—The Directors were enabled to lay before the Meeting the following gratifying statement:—

	£	s.	d.
From the commencement of the Institution up to Christmas, 1840, 350 Life Policies were issued, producing, in premiums	5,859	13	11
In the second year, ending Christmas, 1841, 457 Life Policies were issued, producing, with renewals	12,944	6	5

Making a total, in two years, of 807 Life Policies, and an aggregate of premiums of £18,804 0 4. From this sum only one claim, arising from death, amounting to £100, is to be deducted, and against this is to be placed £1,092 19s. 4d., resulting from lapsed policies.

Offices, 147, Strand, near Somerset House.

Independently of the above sums, £4,692 10s. 10d. has been paid to the Association for Annuities.

This summary of the transactions effected in the Life Department exhibits a degree of success which the Directors believe has rarely, if ever, been equalled in the history of Life Assurance Offices.

After acknowledging the cordial co-operation of the Edinburgh Board, and bearing testimony to the services of their Actuary, Mr. BAYLIS, the Directors concluded their first Annual Report with an energetic appeal to the Proprietors present, to exert their influence in promoting the business of the Association, and establishing, upon an enduring basis, its character, usefulness, and prosperity.

The Auditors' Report, comprising a balance-sheet of the transactions of the Association, from its commencement, to Christmas 1841, and also the Directors' Report, having been read, were unanimously adopted, and ordered to be printed and circulated.

A cordial vote of thanks to the Directors, Auditors, Edinburgh Secretaries, and other officers of the Association, having been agreed to, the meeting adjourned, after moving a vote of thanks to the Chairman, which was unanimously carried.

The following are among the advantages of this Society:—

1st. The security of an ampic Assurance Fund, besides the subscribed Capital.

2dly. For young and middle-aged lives LOWER RATES OF PREMIUM THAN THOSE OF ANY OTHER OFFICE that entitle the assured to participate in the profits, as per following scale:—

Age.	15	20	25	30	35	40	45	50
Annual Premium per cent.	1 10 8	1 14 7	1 19 0	2 4 3	2 10 11	2 19 9	3 11 0	4 8 0

3dly. Three-fourths of the profits divided every fifth year among those who have been assured upwards of four years on the equal scale of premiums. The bonus declared in 1834 averaged £10 per cent. on the premiums then paid; and the bonus awarded in 1839, on the average, is equal to £31 per cent. on the premiums received during the last five years.

4thly. Assurers may have the bonus applied to increase the sum assured, or in reduction of future premiums, either for the remainder of life or for the next five years only.

5thly. Policies granted without any charge to the Assured beyond the stamp duty.

6thly. Policies on the lives of parties dying by suicide, duelling, or by the hands of justice, not void as respects the interests of persons to whom they may have been legally assigned.

7thly. No extra charge for residence in any part of Europe, nor for proceeding (in a decked, sailing, or steam-vessel) from any one Port thereof to another during Peace, to Assurers not being seafaring men by profession. Licences are granted to go to any part of the world upon terms proportionate to the risks.

8thly. Whole-life Policies on the equal scale of premium purchaseable after four years. Lapsed Policies revived on favourable terms to the Assured.

* * * Assurances may be effected on any and every day.

The peculiar system of the FAMILY ENDOWMENT SOCIETY (established under special Act of Parliament in 1836,) consists in securing a provision at a given age, to each future child that may be born of the same parents. The consideration may be a single sum paid down, or an equivalent annual premium.

Endowments may be secured payable at any age: and to Children of one sex only.

Endowments are likewise granted the Annual Premiums for which may cease at the Parent's death, without affecting the future provision for the Children.

The Society also grants Endowments to an existing Child or Children singly. The Contracts are always made payable to the Parent or Trustee, unless specially directed to be otherwise.

Parties desirous of the return of the amount they may have paid in the event of their having no Child, or none living when the endowment would become payable, will be entitled thereto, on paying an additional 20 per Cent. to their premiums.

The Society also secures Property to Heirs Presumptive, by assuring against the contingency of Children who might become Heirs.

The Society likewise assures Lives and grants Annuities, and carries on all the business of an ordinary Life Assurance Company.

The usual Commission is allowed to Solicitors.

Medical Officers—Dr. Cobb and J. Parkin, Esq.

This Association has a Capital exceeding £152,000, invested in Government securities, which is increasing from £13,000 to £14,000 per annum. It is founded on the principle of Friendly Societies, and in conformity with their Act of Parliament, whereby it obtains the highest rate of interest on its investments, and other important advantages appertaining thereto. It also secures a larger return to its annuitants than any other mode of life insurances.

It is worthy of remark, that the present annuities exceed £20 each, the estimated value of which may be taken at £400; but if a person, aged say 20, insures his life for that sum, the annual payment will be about £10, whereas for one of those annuities it is only £2. This Society is therefore admirably adapted to those persons whose incomes will cease or be diminished on death, as by a trifling yearly sacrifice they may thus provide for their widows, children, or other relatives to the extent of six annuities. Prospectuses and every information may be had on application at the offices as above, where the annual reports may also be inspected.

FOR FIRE AND LIFE INSURANCE, AND ANNUITIES, AND THE PURCHASE OF REVERSIONS AND LIFE CONTINGENCIES.

CAPITAL—ONE MILLION STERLING.

The whole paid up and invested, and *entirely independent of the amount of premiums received*: thereby affording to persons Assured, an *immediate available Fund* for the payment of the most extensive losses, without liability of partnership, and free from uncertainty as to the result of their engagements—which the Directors consider to be highly important to those who effect insurances in the capacity of Trustees, or otherwise in the performance of a specific trust or duty.

Insurances may be effected with this Company to the extent of £10,000 on a single life, if approved.

Persons Insured with this Company going by sea from one part of Europe to another may do so, *during peace*, without application to the Office, or any extra Premium being required.

Assurances made by persons on their *own Lives*, who shall die by Duelling, or by their own hands, or by the hands of justice, will become void so far as respects such persons; but shall continue in force so far as any other person or persons shall then have a *bona fide* interest therein; acquired by Assignment, or by legal or equitable lien, two months at least prior to the decease of the party whose Life shall be so Assured.

(By order of the Board) JOHN CHARLES DENHAM, *Secretary.*

Rates and Conditions of Fire and Life Insurance, or other information, may be obtained at the Offices in London, and of the Company's Agents in the Country; and where Agents are not appointed, persons in active life, and desirous of the appointment, may apply to the Secretary.

In the LIFE DEPARTMENT, a Bonus was declared in June, 1820, exceeding one per cent. per annum on the sums insured, on an average of the different ages; and a second Bonus of nearly similar amount was declared in June, 1836. At each period the Bonuses allotted to the different policies averaged rather more than 28 per cent. on the amounts of Premiums paid thereon during the preceding seven years.

All persons whose lives are insured in this office (not being seafaring persons by occupation) may go by sea, during peace, without obtaining a licence from the Court of Directors, and without paying any additional premium, from any part of Europe to any other part of Europe, and their respective Policies shall not be forfeited in case of their dying upon the seas under such circumstances.

A subscribed capital, amounting to Two Millions, secures the assured from the responsibility attached to Societies for mutual Assurance. Claimants may have their demands on the Company submitted to reference. No charge made for Policies when the sum assured amounts to £200 and upwards.

This Society grants Assurances upon the Lives of Persons in every rank and situation of life, wheresoever resident, upon the lowest possible terms consistent with safety. At ages under 45 years the Premiums are lower than those commonly required by old established offices.

All the advantages offered to the public by other offices are given by this Society.

Four-fifths of the entire Profits of the Society are divided among those assured on the Participating Scale. The Profits respectively allotted may be received in present money, in reversionary sums, or by way of annuity, at the option of the parties assured.

In cases where Persons assured for two complete years in this Office, die before the division of Profits is made, a due proportion will be still allotted to their Policies, and their representatives will be entitled to receive it when declared.

The Directors call the attention of the Public and the Profession to the Society's Table of Premiums on the Non-participating Scale, as peculiarly applicable to Assurances made for Loans and for Securities for Money.

Assurances may be effected upon the Lives of Persons residing at a distance from London, by their appearing before any respectable Solicitor.

FOUR-FIFTHS of the PROFITS made by this Society will be appropriated to the persons assured for the whole term of life. ON THE 31ST DAY OF DECEMBER, 1847, and at the end of every Seven years from that period, the profits divisible amongst the Assured will be apportioned amongst such of the Assured for the whole term of life, as shall have been so assured for the space of three years or upwards, previously to those periods respectively, subject only to the reservation of such a sum of money as the Directors shall deem necessary to be carried forward, to the period of the next septennial division, for the benefit of the Assured. For the amounts which shall be so apportioned, equivalent reversionary sums will be added to the Policies respectively of those entitled.

The subjoined is a SPECIMEN TABLE of the BONUSES, in even Pounds, added to Policies of £1000 each, which have been in force seventeen years, ending 31st December, 1840, including the Bonuses added on the former division.

If any person should wish to discontinue the payment of his annual Premium, the Directors have power either to purchase his Policy for a sum of money payable immediately, or, in consideration of its surrender, to grant a new Policy, without any further annual Premium, for a sum to be agreed upon, payable at the decease of the Life assured. And the Person to whom such new Policy is granted will be entitled, in respect thereof, to participate in the periodical divisions of the profits.

Persons who shall have been assured for the space of two years, in £1000 or upwards, for the whole continuance of Life, have the power of electing either from among the Proprietors or from among themselves, two of the four Auditors of the Society.

Parties may arrange to pay their Premiums either in a single payment, by annual payments during the whole continuance of the Assurance, or by annual payments during a limited number of years only.

No entrance money is required; nor any extra Premium on persons in the Army and Navy, unless in actual service.

Assurances may be effected upon the Lives of Persons residing at a distance from London, by their appearing before a Solicitor in the Country; and the payment of a fine for non-appearance at this Office is then dispensed with.

Assurances made by persons on their own lives who shall die by duelling, or by their own hands, or by the hands of justice, will become void so far as respects such persons; but shall remain in force so far as any other person or persons shall then have a *bonâ fide* interest therein, acquired by assignment or by legal or equitable lien, upon due proof of the extent of such interest being made to the Directors. And if any person assured upon his own life, and who shall have been so for at least five years, shall die by his own hands, and not *jelo de se*, the Directors shall be at liberty, if they shall think proper, to pay for the benefit of his family any sum, not exceeding what the Society would have paid for the purchase of his interest in the Policy, if it had been surrendered to the Society the day previous to his decease; providing that the interest in such Assurance shall be in the Assured, or in any Trustee or Trustees, for him or for his Wife or Children, at the time of his decease.

The Assured are allowed to pass by sea from one part of the United Kingdom to another, and to and from the islands of Guernsey, Jersey, Alderney, Sark, and Man; and also, in time of peace, in Queen's ships, and packet or passenger-vessels, to and from British and Foreign ports in the English Channel, between the Texel and Brest, both inclusive, without any special leave or license from the Directors.

The sums due on the Policies will be paid at the expiration of three months after proof of the requisite facts. Assurances may be effected through any respectable Attorney or Solicitor in England, of whom Prospectuses may be had. A party may himself effect an Assurance by writing to the Actuary, or attending personally, at the Society's Office in Fleet Street.

The Assured are requested to take notice, that no renewal Premiums are ever received, without printed Receipts, signed by two Directors and the Actuary, being issued from this Office.

Attendance is given daily, from Nine o'clock in the morning till Four in the afternoon, at the Office, where the Terms of Assurance may be had, Proposals for effecting Assurances received, and every information respecting the Society obtained.

This Society is founded upon the principle of *Mutual Assurance*, and was instituted to afford the Assured every advantage which can be derived from Life Assurance consistent with security. *Mutual Assurance* is the only mode by which this object can be attained, it being contra-distinguished from the *Proprietary principle* by the circumstance that, by *Mutual Assurance*, all the surplus premium, not required to meet the actual claims upon the Society, is returned to the Assured; whereas, by the other mode, the whole, or a great part, of the profits is enjoyed by a distinct class of persons, viz. Proprietors.

The profits at the expiration of the first five years, and every succeeding year, will be estimated, and the average profits of one year will be annually distributed by a *reduction of the future premiums* or by a *bonus added to the policy*, at the option of the Assured, to those members who shall have paid premiums for five entire years; thus always leaving in the hands of the Society, as a guarantee fund, the average profits of four years. The year may commence on 1st January, 1st April, 1st July, or 1st October, according to the time when the assurance is effected.

Some cases may, however, arise where Life Assurance is desired to be effected at a reasonable fixed charge. To meet such cases a lower Scale of Premium has been adopted, by which Policies are granted, as in Proprietary Companies, and on as low terms as security will permit.

AMONGST OTHER ADVANTAGES

The Society will assure for the whole life, or for a limited term, any sum, from £20 to £5,000, on a single life, joint lives, or survivorships.

Policies are granted for the amount assured to be received at the end of a term of years, although the party assured may be alive.

Premiums payable annually, half yearly, or quarterly, at the option of the assured.

A greater extension of liberty to travel and reside abroad, without paying extra premium, than is allowed by any other office.

Policies not invalidated in case of death by duelling, suicide, or by the hands of justice.

Claims paid within one month after satisfactory proof of death.

Policies after five years' standing may be kept in force by the payment each year of half the Premium.

The value of the Policy will, at all times, be advanced to pay the premium, or by way of loan generally.

The Society will always be prepared to treat on the most equitable terms for the purchase of its Policies, whenever the Assured may desire to dispose of them.

The engagements of the Society are guaranteed by an ample temporary Capital, which the Directors have the power to discontinue at the end of five years, or any time afterwards when they shall consider the income and accumulated fund of the Society are of such amount as to render its continuance unnecessary.

On application to the Secretary, Forms of Proposals, and Prospectuses detailing the great advantages offered by this Society, will be forwarded to any part of the country, postage free, to persons desirous of effecting Assurances; and to afford every facility, the Directors have appointed Medical Examiners in the principal towns in the United Kingdom, before whom appearances can be made with the same benefit to parties assuring as before the Board of Directors in London.

The Board of Directors meet every Thursday at 11 o'clock, but Assurances may be effected, if required, on any other day. Attendance is daily given at the office, 448, West Strand, between the hours of ten and four, where Prospectuses and every other information may be obtained.

A LIBERAL COMMISSION ALLOWED TO SOLICITORS.

N.B. LOANS are granted by this Society from £50 and upwards, upon approved security, to parties effecting Assurances.

Important Improvements have been introduced into the practice of Life Assurance by this Company. By the Deed of Constitution the participating Assured are entitled to the *whole of the Mutual Profits*, as if they had been Assured in a purely Mutual Society; and they have, at the same time, the security not only of the funds of the Company, arising from the accumulated premiums, but also the proprietary funds and subscribed capital of the Company. This Company has rendered their Policies *indefeasible and negotiable securities* by the following clause in their Deed of Settlement:—

Clause 78.—“That every Policy issued by the Company shall be **INDEFEASIBLE AND INDISPUTABLE**; and the fact of the issuing of the same shall be conclusive evidence of its validity; and it shall not be lawful for the Company to delay payment of the money assured thereby, on the ground of any error, mistake, or omission, however important, made by or on the part of the person or persons effecting the same; and that, on the contrary, the amount receivable under the same shall be paid at the time stipulated by the Policy, to the person entitled thereto, as if no such error, mistake, or omission had been made or discovered, unless the Policy shall have been obtained by fraudulent misrepresentation.”

The first Quinquennial Valuation has been made and Division of the Profits of this Company declared at the Annual General Meeting, held on the 23rd June last, when FOUR-FIFTHS of the ascertained profit were appropriated to the Policy holders entitled to participate, enabling the Directors to add a reversionary bonus averaging 31 per Cent. on the Premiums paid during the last five years, or, to give an equivalent reduction of premium of nearly 17 per Cent. on the Premiums payable during the next five years.

Premiums, founded on correct data, have been specially calculated for Assurances on Lives of Officers in the Military or Civil Service of the East India Company; and the Lives of Persons proceeding to any part of the world will be assured on terms commensurate with the risk incurred.

This Society is essentially one of mutual assurance, in which the premiums of its members are reduced, by an abatement after seven years, to the lowest amount consistent with safety. The abatement in 1837, 1838, 1839, 1840, was 60 per cent. : in 1841, 62½ per cent. ; and in 1842, 65 per cent.

But the Society also undertakes other descriptions of assurance, in which the assured do not become members ; and, in order to confer on these a corresponding advantage of reduced premiums, the Court of Directors, having ceased to allow any agency commission, have determined to effect this class of assurances in future at the following very low rates, and it has also been determined to reduce the premiums charged upon existing policies of the same class to the same scale.

LIFE DEPARTMENT.

The important advantages offered by the plan and constitution of the Life Department of this Society are, That Insurers are protected by a large invested Capital upon which there is no interest to pay, and for which no deduction of any kind is made :—which enables the Directors to give the whole of the profits to Insuring Members.

That the profits are divided annually amongst all Members of Five Years' standing, and applied towards reducing Life Insurance to the lowest possible rates of Premium, the abatement for the year 1842 being at the rate of £45 per cent. ; that is, a Policy taken out on or before the 24th June, 1837, at an Annual Premium of £100, will be charged £55 as this Year's Premium ; and it is expected that an equal abatement will in future be annually made.

That Persons insuring their own lives, or the lives of others, may become Members.

That Persons who are willing to forego participation in the profits, can insure at a lower rate than that charged to members. The business of the Society comprises not only Insurances on Lives, but also the granting of immediate, deferred, and contingent annuities, either by single or annual payments.

The following Table will show the effect of the reduction made by the Society on Member's Policies that have been Five Years in force :—

Age When Insured.	Sum Insured.	Annual Premium for first five Years.	Reduction on the sixth Premium.	Premium payable for 1842.
	£	£ s. d.	£ s. d.	£ s. d.
25	2000	59 16 8	26 18 6	32 18 2
57	2000	114 0 0	51 6 0	62 14 0
27	2000	50 1 8	22 10 9	27 10 11
52	2000	96 8 4	43 7 9	53 0 7
43	2000	73 13 4	33 3 0	40 10 4
28	2000	51 1 8	22 19 0	28 1 11

This system of reducing the Premiums affords immediate benefit to the Members, or enables them to insure a further Sum upon their Lives equal to one-third of the present Policy, without any additional outlay.

The eminent success of this Company is mainly to be attributed to the soundness and liberality of its system, combining the benefit of Mutual Assurance with the safety which a wealthy and influential Proprietary affords.

The following are among the advantages which this Company offers to the public:—

1. The security of a Capital of One Million sterling, fully subscribed.
2. The option of participating in the profits, or paying a lower rate of premium, to secure a precise sum, without periodical additions. Bonuses may either be added to the sum insured, or applied in reduction of future premiums. The last Bonus declared Dec. 1837, averaged thirty seven per cent. on the premiums received. The next investigation will take place in Dec. 1844.
3. Rates of Premium reduced to the lowest scale compatible with safety to the Assured, and the stability of the Corporation.
4. An increasing scale of premiums peculiar to this Company, whereby Insurances may be effected for the whole term of life, at the least possible immediate expense. This scale is not only suitable to those who, from the prospect of an Increasing Income, or other circumstances, find it more convenient to pay a smaller sum during the first years, but will be found of great advantage to persons who insure, with the view of securing the repayment of temporary loans, as, in case of death, the full sum assured will be paid by the Company, without deduction, or the policy may be discontinued at any time, without loss to the holder, when the object for which it was originally effected, is accomplished.

This Institution was founded on the original principles of the London Equitable, with various improvements; among the most prominent of which is a Reduction in the Rates of Premium of nearly one-tenth.

Its Capital now exceeds £1,700,000. Its Income from Premiums £196,000 per Annum: and its Annual Issue of Policies is between five and six hundred. Bonuses were declared at general meetings, in the years 1816, 1823, 1830, and 1842, by which additions to the amount of £680,502, have been made to the sums insured.

SECOND SEPTENNIAL DIVISION OF PROFITS,

UP TO THE 31st DECEMBER 1838.

The Directors, in order to render the advantages of Life Assurance more general, and to afford greater accommodation to persons desirous of effecting Policies, now offer to the public two distinct plans for that purpose; viz.

Persons may either participate in Four-fifths, or 80 per cent. of the estimated profits; or They may effect Assurances for a specific object, at *Reduced Rates of Premium*, without participating in the Profits of the Society.

Assurances to the extent of £5000 may be made on any healthy Life, upon either of the above plans.

ADDITIONS TO POLICIES.

The following Table shows the additions made to Policies for £5000, which had been in force for seven complete years; and also for fourteen years, to the 31st December, 1838.

The above additions, on an average of all ages from Eight to Fifty, amount to *Forty-three* per cent. on the Premiums paid during the fourteen years.

Proportionate sums were also appropriated to Policies of smaller amount, and to such as had subsisted for less than seven years; conditionally that, when death occurs, seven annual payments shall have been previously made.

The Assured participate in Four-fifths, or £80 per cent. of the estimated Profits, which are added every Seventh Year, as Bonus, to Policies effected for the whole term of life, on lives not exceeding the age of 50 when assured. Or the additions may be applied in reduction of future annual Premiums, at the option of the assured.

Lives above 50 when assured, do not participate in Profits; but they may be assured at reduced Premiums.

The attention of the Public is directed to the VERY MODERATE RATES now charged by this Company, which are founded upon Tables verified by the ACTUAL EXPERIENCE of the Office for upwards of 40 years.

The Assured in the Pelican Office are not, as in mutual Assurance Societies, exposed to the liabilities of partnership; and even in the event of a mortality occurring beyond that on which the Tables are founded, the Assured with this Company can suffer no loss, possessing the guarantee of a large paid-up Capital, and the further security of a responsible body of Proprietors, distinct from the Assured.

Insurances may be effected with the Company on the Return or Non-Return System.

Persons Assuring upon the RETURN SYSTEM will participate in the surplus Premiums, which surplus (after deducting expenses) will be ascertained and apportioned septennially; and all Policies for the whole term of Life, which have been in force five years, or which shall be afterwards continued till they have been in force for that period, shall, at the option of the Assured, be entitled to share therein, in manner following, viz.:

1st. BY AN IMMEDIATE PAYMENT OF THE SUM SO APPROPRIATED;—or

2dly. BY AN EQUIVALENT REDUCTION IN THE FUTURE ANNUAL PREMIUMS;—or

3dly. BY AN EQUIVALENT ADDITION TO THE AMOUNT OF THE POLICY (AND PAYABLE THEREWITH).

Permission to pass in time of peace, by sea or land, from any part of Europe to any other part, without paying any extra Premium, and without licence of the Directors.

Extension of time for payment of renewal Premiums to 30 days.

Purchase of Policies on the most liberal terms when the object of an Assurance has been effected; or loans will be granted thereon to the extent of five-sixths of such purchase money.

Payment of claims in three months after satisfactory proof of death.

By the constitution of this Society the whole of the profits are divided among the Assured, and the bonus thus assigned will be paid in cash, or applied in reduction of premium, or carried to the credit of the policy, in augmentation of the capital sum for which it was originally granted. The first division of profits will be made in 1846; and afterwards, every third year.

Policies will be granted for the whole duration of life, the premiums to cease after a limited number of annual premiums,—or to become payable at any specified age,—and also for fixed sums payable upon any Assigned Life dropping within a stated term of years, or surviving that term,—an advantage equivalent to a *vested right*, available at any time to give vigour or stability to commercial or pecuniary transactions;—and also upon joint lives, and the last survivor of two or more lives.

When the assurance is for the whole duration of life, one-half of the premium may remain unpaid for seven years, upon all ages from 15 to 55, at an interest of 5 per cent. per annum, to be paid off as may suit the convenience of the Assured, or be deducted from the amount of the policy when it shall become payable.

The Ascending scales of Annual premiums possess immense Advantages to the Assured. Both by the ascending scale and the half-premium scheme, the party assured has the advantage afforded him of continuing or discontinuing the payment of premium, after any given time, at his own option.

DEFERRED ANNUITIES on the principle of *mutual contribution*, and embracing the following beneficial objects:—

1. A provision for old age by the small annual premium of £2 12s. in the purchase of an equivalent deferred annuity, a cash payment, or a life policy; or in the event of death before the age assured against, to return to the family of the deceased two-thirds of his payments, but without interest, always excepting the first year's premium.
2. The Assured to this fund may withdraw, on loan, two-thirds of all their previous payments, always excepting the first year's.

The tables of premiums for these assurances, carry the annuities through periods of five years each, from the age of 40 to 65 years, and have been constructed upon the most secure basis, exhibiting the benefits which may result from the smallest application of well-ordered frugality.

ENDOWMENTS.—The Society grants Endowments to Widows and Children surviving a given age on fair and reasonable terms; or in the event of death, all the premiums that have been paid will be returned, but without interest, excepting always the first year's contribution.

INDIAN LIFE ASSURANCE AND DEFERRED ANNUITIES.—The Society undertakes Life Assurance, and grants Deferred Annuities to civilians and officers in the service of the Honourable East India Company, and to all classes of Europeans in India, upon rates of premiums that have been computed expressly to meet the contingencies of Indian mortality. The annuities may be contracted for, so that, in the event of death, the whole of the premiums paid (except the first year's monthly contribution) shall be returned, but without interest, to the heirs or representatives of the Assured.

THE MUTUAL ACCUMULATION FUND, a new feature in life assurance business, consists of Shares of £100 each, secured by Policies upon the lives of parties, or their nominees, of all ages, from 10 to 65 years, or payable at the end of one of four periods, of 10, 15, 20, or 25 years, with benefit of survivorship among the members of the scheme to which they belong. Four schemes, extending over periods of 10, 15, 20, and 25 years respectively, will be opened and filled up in the present and every future year. The sums assured, with the premiums of the parties dying within the period, and their accumulations, will be divisible among the survivors, subject only to a rateable contribution to the expense of management.

A party having an interest in the life of the Assured, will receive the full amount of the policy, although his interest shall have terminated before the death of the Assured, provided the premiums shall have been regularly paid up until the decease of the Assured. The policies of this office thus become *unchallengeable* and *indisputable* at the period when they become payable.

A BOARD OF DIRECTORS IS HELD EVERY THURSDAY, FROM 2 TO 3 O'CLOCK.

Prospectuses and every information may be obtained on application at the office, where attendance is given daily from 10 till 4 o'clock.

This Company, established by Act of Parliament, affords the most perfect security, from an ample capital, and only requires, when an insurance is for the whole period of life, one half of the very moderate premiums to be paid for the first five years, after the date of the policy; the other half may remain, subject to the payment of interest at 5 per cent. annually, to be deducted at death, or may be previously paid off at convenience.

It obviously becomes easy for a person of very moderate income to secure, by this arrangement, a provision for his family; and should he at any time, after effecting the insurance, succeed to or acquire a fortune, he may relinquish his policy, having only paid one-half the premiums, for the first five years, instead of the whole, as in all other Companies.

Thus a man of 25 years old may, by an annual payment of £28 10s. 3d., for the first five years, and afterwards the full premium, £57 12s. 6d. yearly, secure to his widow and children at his death, payment of no less than £3,000, subject only to the deduction of £144 1s. 3d., being the amount of premium unpaid.

On the 1st of July, the Board of Directors added 2 per cent. per annum as a bonus to those assured on the participating plan from the dates of their policies, thus appropriating £20 a year as an addition to every policy for £1000. The following Table will show the amount of the bonus on policies for £1000 since the commencement of the Company in March, 1834:

Sum Assured.	Time Assured.	Sum added to Policy.
£1000 ..	6 years, 10 Months ..	£136 13s. 4d.
1000 ..	6 years ..	120 0 0
1000 ..	5 years ..	100 0 0
1000 ..	4 years ..	80 0 0
1000 ..	3 years ..	60 0 0
1000 ..	2 years ..	40 0 0
1000 ..	1 year ..	20 0 0

This Company holds out in various other respects great inducements to the public. When such facilities are afforded it is clearly a moral duty in every parent who is not possessed of a fortune, but of an income, however moderate, to insure his life for a sum which may yield a comfortable provision for his family.

RATES OF PREMIUM.

Age.	Without Profits.	With Profits.
25	£1 18s. 5d.	£2 2s. 11d. per Cent.
30	2 3 10	2 8 2 do.
40	2 19 1	3 3 4 do.
50	4 9 8	4 14 5 do.
60	6 15 3	6 17 0 do.

Insurances may be effected on lives however far advanced, and the half credit for five years is found particularly convenient on such Insurances. Annuities are granted on very liberal terms.

FOR THE CONVENIENCE OF PARTIES RESIDING IN THE CITY, they may make their appearance and pass the medical examination before the Agent, EDWARD FREDERICK LEEKS, Esq., 2 Charlotte Row, Mansion House, and J. F. GOUDE, Esq., Surgeon.

Every information will be afforded on application to the Resident Directors, EDWARD BOYD, Esq., and EDWARD LENNOX BOYD, Esq., of No. 8, Waterloo Place, where a list of the Proprietors who are regularly enrolled in the Court of Chancery may be had on application. Proposals may be accepted on Wednesday at three o'clock, and any day at half-past two o'clock, when FREDERICK HALE THOMSON, Esq., the Company's surgeon, is in attendance to give dispatch to the business.

The RATES OF PREMIUM of this Company are moderate, and have regard to economy as well as perfect security, the most important point to be looked to in a Life Assurance Society.

Assurances can be effected to any amount from £50 to £5000.

1st.—On a scale entitling the Policy-holder to a **periodical division of profits.**

2nd.—On a **Reduced Scale**, by which only the original Sum Assured is secured, and which is peculiarly favourable to parties assuring for the purpose of securing a debt.

The payments of the premium may be so arranged as to meet the convenience or wishes of the Assured, and may be made in a single sum, Annually, Half-yearly, or Quarterly, on an ascending or descending scale, or for a limited term of years, &c. &c.

Credit of Half the Premiums for Five Years. When an Assurance is effected for the whole term of Life, one-half of the Annual Premiums may remain on credit for Five Years at 5 per cent. per annum interest, to be paid off at the expiration of the Five Years, or to remain as a charge upon the Policy as may be agreed upon.

Parties assuring the lives of others and desiring to make the Policy secure, in the event of the Life Assured going out of the limits of Europe without the necessary permission of the Directors having been obtained and such additional premium paid as might have been required, may effect their object by making a special agreement with the Board at the time of taking out the Policy.

To parties assured in this Office, great facilities are offered for obtaining, at a small expense, temporary advances either on **real or personal security.**

Loans are granted, on **personal security**, in Sums varying from £100 to £700 (the Policy being at least double the amount of the Sum borrowed) at the rate of five per cent. per annum interest, for a term not exceeding **three years**, repayable within that time by equal quarterly, half-yearly, or yearly instalments, or otherwise as may be arranged. It is required that the Applicant be joined in a Bond by **three** Sureties, who must be proved to the satisfaction of the Directors to be of the most undoubted responsibility and character, and references to persons resident in London must be given who can establish that fact. The parties are jointly and severally bound for the re-payment of the **principal, interest and premium of Assurance** during the continuance of the Loan.

Advances may take place either at the time of effecting an Assurance or at any subsequent period, the Policy being lodged with the Company as collateral security.

Forms of Proposal, and more detailed Prospectuses, may be obtained on application at the Company's office, No. 18, King William Street, Mansion House, between the hours of Ten and Four, or by Letter addressed to the Actuary.

CORNHILL, AND BAKER STREET, PORTMAN SQUARE,

INSTITUTED IN THE REIGN OF QUEEN ANNE. A. D. 1714.

THE LIFE DEPARTMENT of this Society embraces all the important Benefits of a PARTICIPATION IN THE PROFITS every Seven Years, with the perfect security of large Invested Funds, accumulated during the long period of more than a Century and a Quarter, and possessing powers which were granted by an especial Act of Parliament in the reign of King George the III. By another Table of Rates lately published, a considerable diminution will be found in the Premiums usually charged: to this Class, profits do not attach. The Reduction of Premium applies also to Insurances for One and Seven Years; and all Life Premiums can be paid Half-yearly or Quarterly, if more convenient.

FIRE INSURANCES effected upon every description of Property, including Rent; and Policies should be renewed within 15 days after each Quarter Day.

THOMAS LEWIS, *Secretary.*

NOTICE.—The bonus for the year 1841 amounts, with the reserve to two-thirds of the whole profits of the life department, the reserve being to accumulate towards the next division in the year 1848.

ADVANTAGES OFFERED BY THIS SOCIETY.

Particular attention is requested to the Rates, which, being founded on the most accurate observations of the duration of human life, are as moderate as is consistent with perfect security.

The profits are declared in each year, on the second Wednesday in May, on which date all those whose Policies have been in existence five complete years are entitled to participation therein.

One-fifth of the ascertained Profits of the five preceding years is divided between the Policy-holders and Shareholders, three-fourths to the former, and one-fourth to the latter. The remaining four-fifths are set apart to enter into the average of the succeeding years, and thus to provide against unforeseen contingencies.

A Reduction of sixty per cent. on the current Annual Premiums was declared on all policies entitled to participation at the first annual division of the profits of the Society, in May, 1840, after making an ample reserve, ascertained by a complete mathematical investigation of its assets and liabilities.

The continued prosperity of the Society enabled it to declare a similar reduction at the second period of division in May 1841, and also on the third in 1842.

This system of an annual reduction of premium, according to the profits of the Society duly ascertained, gives to the assured all the advantages of original low rates, while it avoids the evil of endangering the ability duly to discharge the payment of the sum guaranteed by the policy.

The following table shows the advantages derived by persons assured at this office:—

Age when Policy was issued.	Date of Policy.	Sum Assured.	Original Premium.	Reduction.	Reduced Annual Premium payable in 1841.
20	May, 1835.	£ 1,000	£ 10 6 8	£ 11 12 0	£ 7 14 8
30	—	1,000	24 8 4	14 13 0	9 15 4
40	—	1,000	31 10 0	18 18 0	12 12 0
50	—	1,000	42 15 0	25 13 0	17 2 0
60	—	1,000	66 11 8	39 19 0	26 12 8

The attention of gentlemen connected with India is particularly requested to the Regulations of this Society; as, on comparison with other offices, its rates will be found very advantageous, having been accurately calculated from extensive data and tables, showing the true risk of life during residence in India, and after retirement from any foreign service, exclusively in the possession of this Society.

A Dividend of the Profits of this Society was declared on the 1st January, 1842;—by which an addition amounting on the average to 45 per cent. on the premiums received was made to all Policies entitled to share therein.

Four-fifths or 80 per cent. of the total profits are divided among the assured at intervals of Five Years, and all Policies on which two payments have been made participate therein.

The Profits respectively allotted may be received by the Assured in present money, by a reduction of the Annual Premium, or by adding to the Policy an equivalent reversionary sum.

All Persons assured on their own lives for £1000, or upwards, have the right (after two annual payments) to attend and Vote at the General Meetings of the Society.

ORIGINAL COLUMBIAN PRESS MANUFACTORY.

CLYMER AND DIXON,

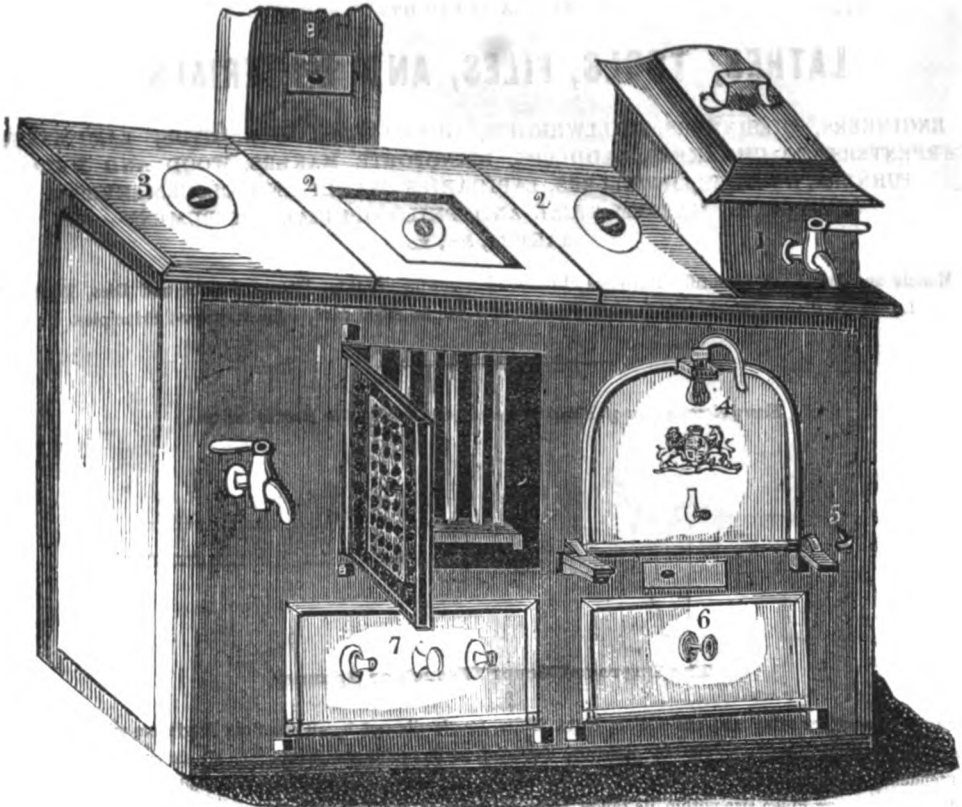

PATENTEES AND MANUFACTURERS OF THE IMPROVED

COLUMBIAN PRINTING PRESS,

10, FINSBURY STREET, FINSBURY SQUARE, LONDON.

The decided superiority of these Presses over all others has long been acknowledged by the Trade generally; and CLYMER and DIXON, by anxiously embracing every opportunity of improving their manufacture, have at length brought them to such a state of perfection, as utterly to defy competition. C. and D. in returning thanks for the extensive support they have received, beg to observe that they are prepared to execute all orders with despatch, and upon liberal terms.—Testimonials, with the terms and prices of the various sizes, may be had on application by post or otherwise as above.—Cylindrical Ink Tables, Iron Imposing Tables, Chases, &c., &c.

THE IMPROVED KITCHEN RANGE,
 MANUFACTURED BY
DEANE, DRAY & DEANE,
 FINSBURY IRON WORKS, LONDON.

1. Copper Boiler; 2. Hot Plate; 3. Top of Steam Boiler; 4. Oven; 5. Damper for regulating Draught; 6. Hot Closet; 7. Ash Pit and Flue Door; 8. Flue.

This Range is in its construction the least complicated, and in its operation by far the most expeditious and economical of any yet brought out; complete in itself, either fixed or unfixed, the Purchaser is, even before it is set, secure of a perfect Cooking Apparatus. Hence it has a decided superiority over other ranges, which are never perfect until the bricklayer has made them so. By this range every process of Cooking may be carried on—Roasting, Baking, Broiling, Frying, Steaming, Boiling, Stewing, &c., and with the least possible consumption of fuel. There is no advantage contemplated in the arrangement of any modern Cooking Apparatus which is not realised in this. It comprehends every useful novelty, and excludes no ancient benefit. Roasting may be carried on either as it is now so much the mode, with a closed front, or after the old fashioned method, and to any extent, with an open fire. This double advantage is peculiar to the above Kitchen Range. The top being loose, access may be had to the interior at any time, without a minute's delay; and, unlike many modern ranges, which are burnt up after a few months' use, the substance of the metal, and the construction of this Stove are such, that with very inconsiderable repairs, it will last for many years. Where this Range is used, the chimney cannot smoke, and the quantity of soot produced is so small that sweeping will be rendered superfluous, and the risks of fire are consequently superseded. While it is everything that a limited housekeeper can wish for, it is exceedingly well fitted for Club Houses and Hotels, and is calculated for the utmost refinements of cookery. Its simplicity of construction, and especially as pointed above, its being a perfect Range of itself, and independently of any brick work or setting, fit this apparatus pre-eminently for use in warm climates. With suitable piping, which may be affixed at a very trifling additional cost, every process of Cooking may be carried on in the open air; and if coal is not to be had, the construction of this range provides against that deficiency also, enabling the emigrant in the forest to secure, by means of a wood fire, all the comforts of a London kitchen and Newcastle coal.

An examination of the Range itself will prove at once, that none of these assertions exceed the fact; and the Public are most respectfully invited to inspect it in operation at the Manufactory, Finsbury Iron Works, 86 Chiswell street.

Also, Manufacturers of every description of Cooking Apparatus, Ranges, Register Stoves, Fenders, Fire Irons, Fire Proof Book Cases, Cash and Deed Boxes, Doors for Strong Rooms, Cranes and Jibs, Wrought Iron Wire Pins, Fencing, &c. &c.

PATENT CYLINDRICAL MORTICE LOCKS AND LATCHES, SINGLE AND DOUBLE ACTION, SPRING BUTT HINGE AND SWING CENTRE MANUFACTORY,

16, EAST ROAD, CITY ROAD, LONDON, AND 40, BANBURY STREET, BIRMINGHAM.

THE above Patent embraces every description of Door Lock required; and its great importance consists in its simplicity and neatness, combined with its security and durability. They can be fixed in a few minutes, without the cutting away of the wood work; so much condemned in fixing the old Mortice Locks; they are made applicable to doors of every description in Brass or Iron.

The PATENT SPRING BUTT HINGE, for closing Doors, is at once the most neat, effectual, and durable article ever made; and is more easy in its application, and pleasant in its action, than any other Door Spring now in use.

The SWING CENTRE, for Doors to swing both ways, will be found the most complete of all modern inventions, smaller in compass, and more powerful, yet pleasant, in action than anything hitherto used. It has met with the approval of the most scientific men, and is in use at some of the first establishments both in London and the country.

The Patentee takes this opportunity of presenting his thanks to those Gentlemen who have examined and tested his inventions, and most respectfully solicits the attention of all engaged in Building, &c., to the above-named Patent articles, which, from the recommendation and approval they have already obtained, he feels confident need only to be known to be universally applied.

COMPOSITIONS FOR WRITING WITH STEEL PENS.

STEPHENS' WRITING FLUIDS.—These Compositions, which have so remarkably extended the use of the Steel Pen, are brought to very great perfection, being more easy to write with, more durable, and in every respect preferable to the ordinary ink. In warm climates they have become essential. They consist of:—

A Blue fluid, changing to an intense Black colour. A Patent Unchangeable Blue Fluid, remaining a deep Blue colour. A superior Black Ink of the common character, but more fluid. A brilliant Carmine-Red, for contrast-writing. A Carbonaceous Record Ink, unchangeable by any chemical agent. Also, a new kind of Marking Ink for linen; and Ink Holders, adapted for preserving ink from evaporation and dust.

Bottles at 3d. each, convenient for writing from, are prepared, which will enable those who may wish to try either of these articles to do so at a small expense. Persons inquiring for the Blue fluids should be particular to use the terms "Unchangeable Blue Fluids," or "Blue Black," whichever they may require.

N.B.—Black Ink and Imitations of the above articles are constantly being announced as "New Discoveries;" but on examination they will be found to have only some new name. Prepared by Henry Stephens, the Inventor, 54, Stamford Street, Blackfriars' Road, London; and sold by Stationers and Booksellers.

The unchangeable Blue Fluids are patent articles, the public are therefore cautioned against imitations, which are infringements, to sell or use which is illegal.

STEPHENS' SELECT STEEL PENS.—The utmost possible care having been bestowed upon the manufacture of those articles so as to procure the highest finish—they can be confidently recommended, both for flexibility and durability.

CAUTION.

PATENT PORTABLE AND FIXED WATER CLOSETS.

In consequence of unprincipled imitators, having copied WISS'S various PATENT WATER CLOSETS, and advertised them as new and improved,

ROBERT WISS, THE ACTUAL INVENTOR,

very respectfully cautions the Public against the same, and begs to acquaint them that during the last 21 years all the real improvements have been effected by R. W. himself. To be seen at the manufactory, 38, Charing Cross, near the Admiralty. A liberal discount to the Trade and Wholesale Purchasers.

MAKER OF THE INIMITABLE RAZOR STROPS.

WILLIAM SMITH, by his peculiar mode of producing patterns on the various articles of his manufacture "like silk woven in the loom," has (with his late partner) had the honour of executing the specimens of the different Clan Tartans for the VESTIARIUM SCOTICUM, published by Tait, Edinburgh, of which a Review of that Work speaks as follows:—"Many of these tartans are truly beautiful; though no doubt they may owe part of their splendour to the artist or illuminator. But the style in which they are executed, and their dazzling effect, must be seen to be comprehended. We do not pretend to describe by words, either the process of painting them, or to give any idea of the brilliant results." * * * "The Illustrations, the ILLUMINATIONS, the TARTANS, are the novel feature of the work; and without the actual vivid representations of these beautiful and delicate fabrics be seen, glowing in all the colours of the rainbow, no adequate idea of the work can be formed." * * * "All must give place to the rich, glowing, and resplendent specimens of the several Tartans."

W. S. has always on hand at his warehouse, 27, BENNETT'S HILL, a large assortment of SCOTCH SNUFF BOXES, &c. in great variety of design, and also in the style above described. Orders executed to any particular pattern.

WEDGWOOD'S PATENT MANIFOLD LETTER WRITER.

THIS INVENTION PRODUCES A LETTER WITH ITS COPY AT ONE OPERATION; or, when required A LETTER WITH DUPLICATES AND A COPY, all in *Durable Ink*, and with a *pen* that requires no repairs; is simple and easy in its operation, is cheap, and portable in construction,—and affords the means of effecting *an immense saving in time and expense to Merchants, Bankers, and Solicitors*, and indeed to all who write much, and desire to retain *Copies of their Letters*, or to send *Duplicates abroad*; and, by the application of a recent improvement, may be made to produce from 10 to 10,000 copies, all in the hand-writing of the principal (a most essential point in mercantile intercourse). It is applicable to all species of Writings, Drawings, Maps, Plans, Music, &c.

To prevent vexatious disappointments, ask for “WEDGWOOD'S MANIFOLD WRITER;” and if wanted for Circulars or Price Currents, ask for the “*last improvements*,” as there are limitations of his invention which are vastly inferior, and smell so offensive as to be utterly useless in a few months, especially in hot climates.

Observe--MANUFACTORY, No. 4, RATHBONE PLACE, OXFORD STREET, LONDON.

Price, Large Size, from One to Four Guineas.—Foolscap, 25s. to £5 5s.

9, *Lincoln's Inn*, June 18th, 1825.

I have used “Wedgwood's Manifold Writer” for some time, and find it of the greatest convenience and use, more particularly as it enables the party using it to speak with the greatest certainty of the correctness of the letters which are written by it.

FRANCIS BRODERIP.

Mr. Broderip, and each gentleman in the firm, continue to use the Invention to this day.

TESTIMONY OF ITS UTILITY.

Bath, 1825.

SIR,—This proof of the PRACTICABILITY of your Machine for aiding the BLIND to write, will, I hope, be acceptable to you, though but my *Second Trial*.—The *Simplicity* of the contrivance is its great praise.

I wish my Testimony to its merit may contribute to your obtaining that *Public Reward* which you so justly deserve.

IMPROVED PATENT ACCOUNT BOOKS

MANUFACTURED ON MORISON'S REGISTERED PRINCIPLE.

SMITH, ELDER, AND CO.

Respectfully apprise the Mercantile community that they have made arrangements with the Patentee, for effectively carrying out the very valuable

IMPROVEMENTS IN ACCOUNT BOOKS

Which have met with such deserved success, and which have been introduced into and adopted by

THE BANK OF ENGLAND, AND OTHER LARGE ESTABLISHMENTS THROUGHOUT THE KINGDOM.

The introduction of this improved system of Binding into such an extensive Establishment as the Bank of England, would of itself be sufficient guarantee to the public of its superior excellence. S. E. and Co. have also made every necessary trial of these improvements, upon an extensive scale, and are perfectly satisfied of their superiority over all other modes of manufacture, as they unite such strength and durability, as neither severity of use, nor length of time can affect or destroy, combined with a perfect ease and freedom in opening hitherto unattained by any previous system of Binding. So complete is the connexion formed by this method between every Leaf in the Book (*without the aid of Caputious or other deceptive substance*), that its durability will not be impaired by any climate, or under any circumstances of Heat or Damp.

The Proprietors have, therefore, every confidence in recommending this very great improvement to the attention of BANKERS, MERCHANTS, AND THE COMMERCIAL COMMUNITY GENERALLY.

LEDGERS, JOURNALS, and all other ACCOUNT BOOKS bound on this principle may be inspected at their

PATENT ACCOUNT BOOK AND STATIONERY WAREHOUSE, 68, CORNHILL,

where the most satisfactory proofs will be given of its superiority over every other system of Binding; and where Orders for Single Books, or complete Sets will be received, and promptly executed, upon the same terms as charged for the common or old Patent modes of Binding now in use.

POST OFFICE DIRECTORY PRINTING OFFICE.

THE CAPACITY OF THIS OFFICE FOR THE PRODUCTION OF BOOKS OF MAGNITUDE IS PROVED
BY THE CELERITY WITH WHICH THIS THE

MOST MAGNIFICENT IN SIZE OF ANNUAL WORKS

HAS PASSED ITS STEAM PRESSES. FEW OTHER OFFICES COULD ~~UNASSISTED~~ UNDERTAKE IT;
AND ALTHOUGH THIS EDITION HAS BEEN COMPLETED

WITH SUCH RAPIDITY,

ITS PAGES EXHIBIT NO TRACES OF THIS EXTREME DESPATCH;

AS IT WILL BE SEEN THAT THE TYPOGRAPHY AND ARRANGEMENT ARE WORTHY OF A WORK

UNRIVALLED IN RESOURCES

AS IN CIRCULATION.

The various productions issued from this establishment are confidently referred to as proofs of its being equally well adapted for other works, and instances could be adduced of the peculiar facilities for the production of Dictionaries, Novels, Price Currents, &c. &c.; but it must be obvious that the Office which contains *within itself* the means of completing such a Work as the present, can undertake *smaller* ones at *almost any rate of speed*; more particularly as other commodious Premises have been added to the Establishment of
